Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	<p>Based on the input from academic experts and requirements of delivery for a particular course, the method of course delivery was switched to online & blended mode using various platforms viz. Google Meet, Zoom, Classroom. Students were encouraged to use video lectures on NPTEL, Swayam etc., and to make the sessions more interactive, the instructors also shared their recorded video lectures apart from the copies of study resources with students. This helped the students to benefit from self-paced learning without getting affected due to network outage issues. Students were given access to online resources via DELNET. In order to provide experiential learning to students, real-time online laboratory sessions were conducted where instructors demonstrated and performed various experiments. Students were also encouraged by the faculty members and had great learning experiences through access to Virtual Lab resources provided by various IITs & NITs. For assessment of students' learning, both direct & indirect assessments methods were adopted. Both subjective & objective type questions were used that were aligned with respective Course Outcomes. Assessments also included MCQs, GDs and Open Book Examinations. Project-based assignments were given to students and faculty mentors were also assigned so that proper guidance could be provided to students. Regular doubt clearing sessions were also conducted to ensure that students' learning experience does not get affected. In order to confront the constraints due to Covid-19, Lingaya's Vidyapeeth ensured international tie-ups and academic collaborations so that students could derive maximum benefit from the interactive sessions with international faculty. In order to maintain transparency and two-way communication, there had been continuous feedback and monitoring system for students and other stakeholders and to ensure this, Open House sessions were also arranged regularly. For proper implementation of Outcome-Based Education, right approach was taken for planning & creation of content and content delivery. In order to provide holistic development to our students and to complement their academic activities, they were exposed to Webinars, Expert Talks, and similar kinds of other activities including counselling sessions for mental and physical health issues so that they could cope with the situation. A dedicated psychologist kept track of all students and their activities and organized regular sessions with the students to understand and identify their needs. At Lingaya's Vidyapeeth, adherence to the developmental approach to assessment, evaluation and feedback in the form of feed-forward is a customary practice and during Covid times, it was frequent and emphasized more. Assessment parameters and rubrics were shared beforehand so that students understand the level they need to achieve. Post evaluation, students were given feedback and remedial sessions were conducted so that their performance could be improved in the final examinations. Proctored examinations were conducted and the results were indicative of positive attainment levels of the Course Outcomes.</p>		
3. The period of delay in completion of syllabus (in months).	0		
4. The period of delay in conducting exams (in months).	0		
Portal Name	No. of students offered online courses which have credit transferred to transcript	Total no. of online courses which have credit transferred to the transcript	Total no. of credits transferred to transcript
