# GUIDELINES FOR WRITING Ph. D. THESIS BY RESEARCH SCHOLARS

## I. PRELIMINARY PAGES

a) **TITLE PAGE (ANNEXURE-1)**

The title page should be in capital letters. It should be concise, specific and reflect the proposed research program.

b) **DECLARATION (ANNEXURE-2)**

c) **CERTIFICATE (ANNEXURE-3)**

d) **ACKNOWLEDGEMENTS (ANNEXURE-4)**

e) **ABSTRACT (ANNEXURE-5)**

f) **TABLE OF CONTENTS (ANNEXURE-6)**

g) **LIST OF TABLES (ANNEXURE-7)**

h) **LIST OF FIGURES (ANNEXURE-8)**

i) **LIST OF SYMBOLS (ANNEXURE-9)**

j) **LIST OF PHOTOGRAPHS (ANNEXURE-10)**

k) **LIST OF ABBREVIATIONS (ANNEXURE-11)**

l) **REFERENCES (ANNEXURE-12)**

m) **APPENDIX (ANNEXURE-13)**

n) **BRIEF PROFILE OF THE RESEARCH SCHOLAR (ANNEXURE-14)**

o) **LIST OF PUBLICATIONS OUT OF THE THESIS (ANNEXURE-15)**

## II. FORMAT FOR THE REPORT

a) **Paper to be used:** The Thesis should be prepared on a good quality white bond paper of A4 size.

b) **Margins:** Following should be the margins:

(i) **Odd number page:** 1.5”margin on the left and 1” margin on the right.

(ii) **Even number page:** 1”margin on the left and 1.5” margin on the right.

(iii) **Top and Bottom of page:** 1”margin on the top and bottom, with no gutter.

c) **Chapters:** In a double-sided report, a new chapter always starts on an odd-numbered page. Therefore, if a chapter ends on an odd-numbered page, the backside of the previous sheet of paper has to be kept blank. In a double-sided report, each side of a sheet of paper should be counted as a page, even if the back side of a sheet of paper is blank.

d) **Typing:** The general text of the manuscript should be typed in 1.5-space. The general text should be typed using 12-font size with Times New Roman.

e) **Pagination:** Title Page should not be given any page number.

(i) Prefacing materials should be given centered small Roman page numbers.

(ii) For text, centered Arabic numerals should be used, beginning with the first page of the text and continued throughout the rest of the Thesis including the figures, tables and references.

The pages on which the corrections have been suggested by the External Examiner will have to be retyped. It may happen in a few cases that the external examiner suggests adding new material, this would disturb the paging of the Thesis and is, therefore, required to be corrected accordingly. Numbering pages like 15a, 15b, 15c etc. would not be permitted.

f) **Double-Sided Printing:** Printing should be done on both sides of the page.

g) **Binding:** The evaluation copies of the Thesis may be spiral bound or soft bound. The final hard

bound copies to be submitted after the Viva-Voce examination will be accepted during the submission of Thesis with the following specification:

Color – Dark Blue, Binding - Hard Bound, Lettering - Golden Color Embossing.

The Scholar is advised to see physical sample available in Lingaya's Vidyapeeth, Faridabad.

**h) Number of Copies:** Seven (07).

### **III. MAIN BODY OF THE THESIS**

**a) Illustrations:** Illustrations used in the Thesis must appear in all the copies. Illustrative materials may be Arabic line drawings or photographs. Illustrations may be inserted wherever needed in the text, numbered in Arabic numerals typed on a Thesis paper below the illustration. The illustrations must be prepared using computer. The size of illustrations could be reduced photographically.

**b) References in the text should be cited as under:**

How to write a reference in Thesis/Synopsis?

Three main Styles: 1. APA Style 2. HARVARD Style 3. VANCOUVER Style

The Thesis should be written in APA style

### **IV. APPENDIX**

An appendix normally includes research related material that does not fit easily or suitably in the body of the paper:

- survey questionnaires
- observation sheets
- interview transcripts
- supplementary data which adds useful information or insight.

#### **An Appendix:**

- is positioned as the final section of Thesis.
- is numbered and titled
- uses a different page numbering system ('A-1', 'A-2' etc.).

**INFLUENCE OF INSECTICIDES ON DEFENCE  
RELATED ENZYMES AND CARBOHYDRATE  
METABOLISM IN AMERICAN COTTON**

(ANNEXURE—2)

**DECLARATION**

<Font Style Times New Roman, size-16>

**Body Text**

<Font Style Times New Roman, font size 12>

I hereby declare that this Thesis entitled <TITLE OF THESIS> by <NAME OF RESEARCH SCHOLAR>, <REG. NO. (XXXX)> being submitted in fulfilment of the requirements for the Doctor of Philosophy in < NAME OF DEPARTMENT> under < NAME OF SCHOOL> of Lingaya's Vidyapeeth, Faridabad, during the academic year\_\_\_\_\_, is a bona fide record of my original work carried out under guidance and supervision of **NAME OF SUPERVISOR, DESIGNATION, DEPARTMENT** and has not been presented elsewhere.

I further declare that the Thesis does not contain any part of any work which has been submitted for the award of any degree either in this university or in any other university.

(ANNEXURE—3)

**CERTIFICATE**

<Font-Style Times New Roman, size – 16>

**Body Text**

<Font Style Times New Roman, Font size 12>

This is to certify that this Thesis entitled <TITLE OF THESIS> by <NAME OF SCHOLAR>, <REG. NO. (XXXX)> submitted in the fulfillment of the requirement for the Degree of Doctor of Philosophy in < NAME OF DEPARTMENT> under < NAME OF SCHOOL> of Lingaya's Vidyapeeth, Faridabad, during the academic year \_\_\_\_\_, is a bona fide record of work carried out under my/our guidance and supervision.

I / We further declare that to the best of my knowledge; the Thesis does not contain any part of any work which has been submitted for the award of any degree either in this university or in any other university. The assistance and help received during the course of this investigation have been acknowledged.

## ACKNOWLEDGEMENTS

<Font Style Times New Roman, size-16>

### Body Text

<Font Style Times New Roman, font size 12>

I would like to express my sincere gratitude to my Supervisor <NAME OF SUPERVISOR> / CO-SUPERVISOR <NAME OF CO-SUPERVISOR> for giving me the opportunity to work in this area. It would never be possible for me to take this Thesis to this level without his/her innovative ideas and his/her relentless support and encouragement.

## LIST OF SYMBOLS

<Font Style Times New Roman, size -16 Bold>

### Body Text

<Font Style Times New Roman, Font Size 12>

Symbol	Details
$a_{RMS}$	RMS value of vertical acceleration
$c_p$	Primary suspension damping coefficient
$c_s$	Secondary suspension damping coefficient
$d_{RMS}$	RMS value of vertical displacement
$de(t)$	Change of error signal
$e(t)$	Error signal

**LIST OF PHOTOGRAPHS**

<Font Style Times New Roman, size -16 Bold>

**Body Text**

<Font Style Times New Roman, Font Size 12>

<b>Photograph No.</b>	<b>Title</b>	<b>Page No.</b>
Photograph 1.1	Title of Photograph .....	--
Photograph 2.1	Title of Photograph.....	--
Photograph 3.1	Title of Photograph .....	--

## **LIST OF ABBREVIATIONS**

<Font Style Times New Roman, size -16 Bold>

### **Body Text**

<Font Style Times New Roman, Font Size 12>

<b>Abbreviation</b>	<b>Details</b>
ANFIS	Adaptive Neuro Fuzzy Inference System
ANOVA	Analysis of Variance
ASD	Amplitude Selective Damping
BBM	Black Box Model
CFD	Computational Fluid Dynamics
CCFD	Coupled Computational Fluid Dynamics
DC	Direct Current

## REFERENCES

<Font Style Times New Roman, size -16 Bold>

### Body Text

<Font Style Times New Roman, Font Size 12>

The list of references should appear as a consolidated list with references listed sequentially as they appear in the text of the Thesis. Spacing and font size should be consistent inside a single reference, and there should be 1.5 spacing between two different references.

### Text References

Owing to its detoxification enzymes like hydrolases, transferases and oxygenases this insect pest has managed to attain resistance against all the classes of insecticides (Mohan and Gujar, 2003). The involvement of Glutathion-S-transferase, carboxylesterase, and microsomal monooxygenase has been widely reported in insecticide resistance (Brown and Brogdon, 1987; Devonshire and Field, 1991; Sun, 1992). The resistance develops through various biochemical mechanisms like altered target site of acetylcholinesterase in organophosphate and carbamates resistance (Liu et al., 1982; Brogdon and McAllister, 1998; Ffrench-Constant et al., 2004; Fournier, 2005).
