To  
The Vice Chancellor,  
Lingaya's Vidyapeeth,  
Faridabad

**Subject:** Request for Approval to Visit Yatharth Hospital and Arrangement of Transport

Respected Sir,

Greetings!

The **School of Basic & Applied Sciences** proposes to organize an educational visit to **Yatharth Hospital**, Greater Faridabad, on the occasion of **World Radiography Day, on 11th November 2025**.

The visit aims to provide our **B.Sc. RMIT (Radiology and Medical Imaging Technology)** and **B.Sc. MLT (Medical Laboratory Technology)** students with practical exposure to hospital-based diagnostic imaging and laboratory practices. This initiative will enhance their understanding of radiological and medical laboratory procedures, as part of their academic and professional training.

We request your kind approval to conduct this visit and to **arrange transport for 20 persons (students and faculty)** on the mentioned date. Faculty members will accompany the students to ensure proper supervision and coordination during the visit.

Your support and approval for this academic activity will greatly contribute to enriching the students' learning experience.

Thanking you for your kind consideration.

Yours faithfully,

Dr. Shikha Gupta

Dear Sir,

Thank you for allowing our students for Yatharth Hospital Sector 20, Faridabad visit on 11<sup>th</sup> November 2025.

As discussed, 16 of our 3<sup>rd</sup> year B.Sc. Radiology & MLT students along with faculty will reach around 10:45 am. Their main agenda would be to understand new technologies in the field of Imaging Technology and get 1<sup>st</sup> hand experience with new world class machines being installed at your recently opened hospital. We are sure our students will be delighted to meet your Hod and trained staff who would be kind enough to share their wealth of knowledge with the budding technicians.

This is one of the unique programs being run at Lingaya's Vidyapeeth wherein Friends Indeed Foundation (Section 8 Company) is supporting as an Industry Partner, with an aim to impart skill-based learning to these students. The students have been engaged with different labs and diagnostics center since day 1 of their course and undergo training 2-4 days a week. Starting January '26 they will be going for 5 months full time Industrial training being their last semester of the course and we will highly appreciate our collaboration for the same.

I would like to take this opportunity to e-introduce you with Ms. Shikha Gupta who is Hod for the course and can be contacted at 99117 95620. Shikha mam, Alok sir from Yatharth Hospital will be coordinating this visit and if need be, can be contacted at 93127 58801.

Looking forward to a fruitful engagement.

Gaurav Narang
